

### Boston and Busing: A Museum Exhibit

The curator of the Smithsonian Museum American History has asked you to prepare the cards that will accompany one of the exhibits on the Civil Rights Movement. Our now well discussed photograph will be the focus of the display but the curator wants you to develop cards that can provide some context for what a visitor to the museum would be seeing in the picture.

For each cue card:

- Describe what the reader needs to know about the card's topic
- Explain how the picture illustrates this information
- Use details and examples when writing your cards

<p><b>Why was busing used in busing?</b></p>	<p><b>What roll did the Supreme Court play in busing?</b></p>
<p><b>What is taking place in the picture?</b></p>	<p><b>What were the reactions to busing in Boston?</b></p>
