

UMBC FACULTY IDEA LAB AND BUSINESS INCUBATOR PROGRAM

TURN YOUR IDEA INTO A SUCCESSFUL BUSINESS

Do you have a research product, disclosure, patent or potential technology business concept that you want to develop into a business? The UMBC Faculty Idea Lab and Business Incubator Program, located at the research and technology park, is the place!

Our mission is to turn technology into business success. We are here to support UMBC faculty and students engaged in the start-up phase of high-technology companies by providing business advisement, mentoring and space.

HOW CAN THE IDEA LAB HELP YOU?

- Invaluable interaction with techcenter@UMBC staff and other business professionals (such as venture capitalists, accountants, lawyers, bankers, human resource professionals, marketers, and technology consultants) capable and willing to coach/guide you through the start-up process of a new business
- A place to develop your prototype service or product
- Refine your business idea and determine market feasibility
- 24-hour access to office resources, equipment and the Internet
- A space to work on your business plan
- All this and more at no cost
